

BLUFF CREEK RANCH

Bluff Creek Ranch, located in the rolling hills of Central Texas, is a 140 acre working ranch that has the distinction of being the first mountain bike ranch in Texas. There are 8 plus miles of well shaded trails that lead through pine and hardwood's, rolling terrain, technical single track and open meadows. Running, fishing, swimming, camping, bunkhouse, and full bath facilities are available. Located on the ranch is the ***Bike ER*** which features full suspension and rigid K2 and Salsa mountain bikes, sales and rentals.

Grass fed, hormone free, all natural, lean Texas Longhorn beef may be ordered from individual cuts to quarter or whole sides of beef. We carry one pound sample packs of ground beef that can be purchased. On weekends the ranch serves up ½ lb Authentic Longhorn Burgers with all the trimmings.

For folks not wanting to rough it there are the towns of Giddings and La Grange both only ten miles from the ranch. Both towns have several fine restaurants and lodging available.
